**Direct to Print:** This means that your file is printed without any edits or alterations. Your digital files need to be the correct size and resolution before sending them to us.

**Premium Print:** We can correct your file by making any necessary adjustments such as colour or exposure that will give you the best result of your image. If we notice any other issues that we think need addressing we will contact you.

### Turn around times

Most jobs we like to complete within a week, although turn-around times can be dependent on the size of your order and if we need to do any additional file setup. Any super large or more complex projects we will contact you to discuss completion date.

**Framing options available on request**
